

RAMYA PERIAKARUPPAN

Software QA Engineer | Manual Testing | 1+ Years Experience
+91 9025150730 | ramyaperiakaruppan04@gmail.com | Chennai, India

PROFESSIONAL SUMMARY

Results-driven Software QA Engineer with 1+ years of hands-on experience in manual testing, defect lifecycle management, and quality assurance for e-learning and content delivery platforms at Straive. Skilled in STLC, exploratory testing, UI testing, functional validation, and JIRA-based defect tracking within Agile environments. Backed by full-stack development exposure using Python and Django. Passionate about delivering defect-free, high-quality software and actively seeking a challenging QA or SDET role in a growth-oriented organization.

PROFESSIONAL EXPERIENCE

Software QA Engineer

Apr 2025 – Present

Straive | Chennai, India

- Execute 200+ manual test cases per release cycle for e-learning and content delivery platforms, achieving 95%+ test coverage across functional and regression test suites.
- Log, track, and validate defects using JIRA, maintaining an average defect turnaround time of under 48 hours in collaboration with cross-functional development teams.
- Conduct exploratory, smoke, sanity, and regression testing across web-based digital learning products, reducing post-release defect escape rate by ~30%.
- Participate actively in sprint ceremonies (daily standups, sprint planning, retrospectives) within Agile/Scrum delivery model; contribute to requirement reviews and test planning.
- Validate end-to-end user workflows in e-learning portals — enrollment, course completion, progress tracking, and admin configuration — ensuring consistency and accuracy of digital learning content.
- Collaborate with stakeholders to clarify acceptance criteria and translate requirements into detailed test scenarios aligned with business objectives.

PROJECTS & INTERNSHIP

College Management System — Full-Stack Web Application

2 Months

Internship | Ernst & Young (EY) | Technologies: Python, Django, HTML, CSS, JavaScript, SQL

- Architected and developed a full-stack web application to digitize student and faculty data management, reducing manual administrative effort by an estimated 60%.
- Designed and executed unit, integration, and User Acceptance Testing (UAT) test plans across 3 core modules — Student, Teacher, and Admin — identifying and resolving critical defects pre-deployment.
- Applied SQL queries to validate backend data integrity and database state during integration testing, ensuring data consistency across all modules.
- Delivered a production-ready application within a 2-month timeline, demonstrating ownership, problem-solving, and end-to-end delivery mindset.

TECHNICAL SKILLS

Testing	Manual Testing, Functional Testing, Regression, Smoke, Sanity, Exploratory, UAT, Integration Testing
Methodologies	STLC, SDLC, Agile/Scrum, Test Planning, Test Case Design, Defect Lifecycle Management
Tools	JIRA (Defect Tracking & Reporting), Visual Studio Code, Microsoft Office Suite
Languages	Python, Java, JavaScript, SQL
Web / Frameworks	HTML, CSS, Django
Databases	SQL (MySQL / SQLite)

EDUCATION

M.Sc. Computer Science	2024 – 2026 (Pursuing)
Anna University, Chennai Distance Education	
B.Sc. Computer Science	2021 – 2024
Dr. MGR Janaki College of Arts & Science for Women, Chennai Percentage: 88%	
Higher Secondary Education	2019 – 2021
St. Pius X Mat. Hr. Sec. School, Chennai Percentage: 82%	

CERTIFICATIONS

– Fundamentals of Artificial Intelligence & Machine Learning — Infosys Springboard
– Web Development (HTML, CSS, JavaScript) — 8QUEENS Software Technologies
– Microsoft Office Fundamentals — Naan Mudhalvan (State Government Initiative)
– Honors Diploma in Computer Applications — CSC Institute

CORE STRENGTHS

Analytical Problem-Solving Attention to Detail Agile Collaboration Ownership Mindset Quick Learner
